SAVE VALUABLE SPACE : 12 IN 2.

The panels can be rapidly dismantled and stored in a **caddie** Standard Roll Container.

The bases are interstackable. 12 dismantled **caddie** Standard Roll Containers take up the same space as 2 fully erected ones, so valuable space is saved when storing or in transit.

SAVE PRECIOUS TIME :

The Roll Containers can be mounted and dismantled very rapidly. The panels are slotted into place on the base using the simple force of gravity. No accessory tools are needed.
